TREASURER'S REPORT

OLD BUSINESS/UNFINISHED BUSINESS:

NEW BUSINESS:

1. Election of 2016 DDA Officers – Discussion/Approval

Explanation: Based on the Escanaba DDA Bylaws, the DDA board must annually elect officers for the upcoming calendar year.

2. IMS Change Request #2 for the Market Place Project – Discussion/Approval

Explanation: IMS has submitted a change request based on the project timeline. The request will add time to the original completion date of November 28th, 2016, based on delays they have communicated to the DDA Board previously. They have continued to work on the project into December and anticipate closing the project December 31st, 2016 for the year. They would need an additional 60 days to complete the project in spring 2017. The start in the spring would be based on the weather. The additional administrative costs of the delay

will be \$40,327.28 to the project. DDA Administration is looking to get the changes approved by the Board. A recommendation & financial impact document will be handout at the meeting.

PROJECT UPDATES:

- **Escanaba Market Place Project** – Andy Lapointe from IMS will be attending our meeting to give updates or answer questions on the project. Barry Polzin will not be available for the meeting. IMS has continued to complete work at the site as of Dec. 9th. They will be laying off most of their staff until the project is shut down due to weather.
- **Façade Projects** –Paint removal at Jim’s Music has started. FA Industrial Services has been working on the Greg Martenson project. The most current update to the facades from Lisa Wrate will be handed out at the meeting and Lisa will be joining the meeting in person.
- **Blighted Buildings** – Blaine Degrave & I met with Russ Hall regarding condemnation proceedings for the property at 910 Ludington Street. Blaine has been in contact with the owner and it doesn’t appear that he will be looking to do repairs to the building.
- **Escanaba Marketing Plan** – The Redevelopment Ready Communities program had a consultant hold a work session to craft a marketing plan for the City on December 6th. The meeting was well attended and there was lots of great feedback. The information will be compiled and a recommendation for next steps will be provided. This is the last step in the RRC certification process for the City. We would be on of 10 cities to get certified.
- **Deferred Loan Program draft** – DDA Administration has not been able to spend time on this item based on other more pressing priorities since our last meeting. I will look to submit something to the Board after the first of the year.
- **Christmas Activities** –DDA Administration continues to meet with the team members regarding the Pasty Drop and everything is in motion for the event. We will actively promote the event and activities for New Year’s Eve. The feedback on the Christmas activities downtown has been great!
- **2017 Façade Projects** – I have met with almost all of the owners for the next round of projects. I have a meeting with an owner regarding a large project on December 14th to discuss implementation and grants. I will be ready to send out the RFP after that meeting.
